Let's see . . . You'll have to take Red-eyes there and back to get that fare. They all leave after midnight. *Wow, I can't deal with that. But I really want to go, so I guess it's back to the premium prices. What specific times were available?*

And for your return, United flight 4321 departs at 6:15 PM and arrives at 9:50 PM. These flights require a 14 day advance purchase, are not refundable, and require a minimum stay of five days. Hmm, that won't work either. I'll search for flights without minimum stayovers.
